New controller

New updated Controller system for improved user experience. Read, Record, Reset simply with the touch of one button, with no stress of accidentally resetting on the clear digital display.

Dual probe

Greater temperature accuracy given from two temperature probe readings. One probe measuring air temperature and one measuring load (or product) temperature.

Porthole

Factory fitted 16mm porthole enables quick and easy access for any secondary temperature monitoring probes.

Flexible internal storage

Multiple shelf locations along with a wire basket provides a flexible storage solution.

Anti-microbial handle

Powder coated to help prevent cross contamination by inhibiting the growth of microbes.
