

Fixed Probe Penetration Thermometers

Fixed Probe Penetration Thermometers	ST-106
Water Proof Fixed Probe Penetration Thermometer	ST-106WP

Features

- Excellent for fast checking of core temperatures in the catering trade, hotels, canteens and retail outlets
- Barely visible penetration holes using special food probes with thin, robust measurement tip
- Fast measurement (2 measurements per second)
- Audible and optical LED alarm
- Auto hold of final value
- **ST-106WP** is dust-tight and water-proof to IP-67 rating - protected against temporary immersion and impact-proof with the TopSafe protection case
- **Both models supplied with probe protection cap & batteries**
- **ST-106WP also supplied with waterproof protection case & holding clip**
- **Optional Calibration Certificate available**

CAL-ST Calibration Certificate - Issued at 4 points: 25°C, 50°C, 75°C & 100°C. (Additional points are available if required. These must be specified at the time of order. Please call for price and details.)

Technical Specifications

Fixed Probe Penetration Thermometer

Range	-50°C to +230°C
Resolution	0.1°C
Accuracy	±0.5°C (-30°C to +99.9°C), remaining range ±1.0°C or ±1% of m.v. (whichever is greater)
Power	2 x 3V lithium batteries ACR-2032
Dimensions	215 x 34 x 19mm
Weight	80g
