

Warming plates for laboratories

Warming plates with exact temperature control can be offered in standard and customized sizes. The anode treated aluminium surface is extremely resistant. Warming plates require a control unit with high heating capacity, like the HT 50 S.

Warming plate, size 600 x 400 x 10 mm
Ref. No. 12055/0009

Warming plate, size 470 x 263 x 10 mm
Ref. No. 12055/0450

Control unit HT 50 S
Ref. No. 12055/0205

Warming plate, size 180 x 180 x 10 mm,
control unit included
Ref. No. 12055/0202

Warming plate, size 180 x 180 x 10 mm,
requires control unit
Ref. No. 12055/1200
