

## WEEE Compliance statement

The UK Waste Electrical and Electronic Equipment (WEEE) 2013 Regulations (available [online](#)) require the UK to maximise the separate collection, reuse and recycling of WEEE. The UK WEEE Regulations applies to all Electrical and Electronic Equipment (EEE) placed on the UK market that are covered by the scope of these Regulations.

### Distributor obligations – B2B EEE

As a **B2B** Producer under the UK WEEE Regulations, **WolfLabs** allows for its customers and end users of the EEE placed on the market in the UK to return WEEE back to us free of charge on a like-for-like basis for new EEE purchased. Such WEEE can be returned by emailing [sales@wolflabs.co.uk](mailto:sales@wolflabs.co.uk) or contact Wastecare via email [compliance@wastecare.co.uk](mailto:compliance@wastecare.co.uk) or call 0330 331 1801 to arrange a collection.

If you would prefer us to collect your WEEE from your premises, please contact us as there will be a collection charge for such WEEE from your premises and delivery of such WEEE to an Approved Authorised Treatment Facility (AATF). The charge will only cover the cost of transportation and handling and will not include any cost in relation to the treatment or reprocessing of WEEE as defined by the UK WEEE Regulations.

### Producer obligations

Under the UK WEEE Regulations, “Producers” are required to mark all relevant EEE with a “crossed-out wheellie bin” symbol to remind consumers not to discard WEEE in the domestic waste stream. **WolfLabs** encourages all its customers to make note of this symbol and avoid putting any WEEE in your domestic waste bin(s) or container(s).

**WolfLabs** supports the reuse and recycling of WEEE as there are several environmental benefits of doing so, such as reduction of raw material and energy usage, prevention of landfill, prevention of hazardous and/or toxic materials present in some WEEE contaminating the environment.

As a Producer under the UK WEEE Regulations, **WolfLabs** complies with its Producer Obligations by being registered as a Member of the Wastecare WEEE Producer Compliance Scheme and obtaining the WEEE Producer Registration Number – **WEE/FJ0292UQ**

Wastecare WEEE producer compliance scheme is operated by Wastecare Compliance Plc, registration number 06043169. The Scheme is approved by the Environment Agency, registration number WEE/MP3538PZ/SCH.
