

LABCOLD™

medical & scientific refrigeration

Compact ultra low chest freezer featuring a spark free interior for laboratory safety.

Fitted with a lid lock as standard, this freezer also comes complete with a digital temperature display and castors for easy manoeuvrability.

Featuring an energy saving Danfoss compressor this freezer offers little temperature variation across the cabinet, making it ideal for the storage of samples which demand tight temperature tolerances.

Bespoke racking can be provided if required as can baskets at an extra cost. To increase the life of your freezer and to ensure you get optimum performance, preventative maintenance contracts are also available. Why not ask for details when you order?
