## Tradition, quality and durability - over 120 years

Miele Professional develops commercial solutions to reduce your everyday workload. Our solutions are designed to meet the highest of demands, and have done so now for the past 120 years. Miele stands for uncompromising quality and durability. One thing is always at the centre of Miele's attention, at all times and no matter what we are doing: The reliable reprocessing of laboratory glassware in readiness for analytical experiments. Leaving you to concentrate on your core business.

The Miele 'Series 120' anniversary model can be combined with the innovative EasyLoad basket system and hence sets new standards in terms of convenience and efficiency. The new injector system with its innovative plastic supports enable the highly convenient positioning even of large-volume laboratory glasses whilst utilising the space in the chamber to the full.

\*Campaign period: March 1, 2019 – June 30, 2019. This campaign offer applies only to commercial/self-employed clients purchasing during the campaign period. This campaign only applies to machines purchased in Germany.

Miele lab washers

EasyLoad system

## Sample combinations: \*

- 'Series 120' campaign model
- 1 x A 101 upper basket, height-adjustable, with integrated spray arm
- 1 x A 150 lower basket, height-adjustable, for connection of injector modules
