

Nitrogen Generator **Genius 3030**

# We have nothing to declare but our **Genius.**

Our new **Genius range** of gas generators is smoother, quieter, safer and more efficient than anything on the market. The **Genius range** offers superb technical performance in the lab and comes with our “world class” after sales service as standard.

**PEAK SCIENTIFIC. GO WITH THE FLOW.**

# Nitrogen Generator **Genius 3030**

## Features & Benefits:

Independent – No external compressor required

Independent Operation - The gas supplied to both instruments can be switched on & off independently by the user

Quiet – Insulated compressor compartment for minimum disruption

Mobile– Fitted with casters for easy mobility within the laboratory environment

Simple Installation – Generator designed as plug & play system

Economical – More cost effective than any other gas supply method

Convenient – Gas on demand, no health hazards and no need to worry about running out of gas

The Genius 3030 is specifically designed to supply curtain, source and exhaust gases for two AB SCIEX LC/MS instruments, while integrated quiet compressors make it independent from in-house air supplies.
