

U2500H

25Litre Ultrasonic Bath (Heated)

Ultrawave's **U-Series** is compact and user friendly, offering effective cleaning and processing of small items in both professional and domestic applications.

These include healthcare, podiatry, tattooists, jewellers and many more.

Available in heated and unheated versions, the **U-Series** allows simple control of time (0 to 15 minutes) and temperature (ambient to 70°C) where heated options are selected.

The **U2500H** is a 25Litre ultrasonic bath with heating function reduce processing time.

Each **U-Series** is supplied complete with a stainless steel basket and ABS plastic lid, useable as a drip tray to collect excess water when the basket is removed from the tank.

The **U2500H** provides the cost benefits of excellent entry level ultrasonics with Ultrawave's long renowned quality and reliability.

U2500H
